DISPATCHES from St. Petersburg, Tokyo and Peking show that the evacuation of Manchuria by the Russians and Japanese as agreed to under the Portsmouth treaty and the re-possession of that vast domain by China has been accomplished under the terms of the agreement between Russia and Japan fixing yesterday, April 15, as the limit of time for the final actual transfer.

(BY THE ASSOCIATED PRESS-P.M.)

ST. PETERSBURG, April 15.—The expiration of the eighteen months' limit of the evacuation of Manchuria by the Russians and Japanese troops under the terms of the Portsmouth treaty was observed yesterday at 12 m. by the Russian garrisons at Kirin and Tsitsihar, the last two towns in Manchuria to pass from Russian hands to the Chinese. The evacuation of the Russian troops was completed, March 21, almost a month ahead of the specified date.

A Foreign Office official commenting today on Russia's premature withdrawal, said:

"It is a complete justification of Russia's good faith in fulfilling the treaty.

"It was instituted when the treaty was signed that Russia would never abandon Manchuria, but would now use means of evading her obligations.

After the expiration of the stipulated period finds no single soldier of the Russian military establishment left in Manchuria.

The national guards, appointed by the treaty, are commanded by Gen. Chikagof, and are attached to the ministry of railroads, and not to the war ministry.

GUARDS NOT MILITARY.

"The functions of the guards are confined strictly to the railroad. The policing of the country and the repression of Chinese bandits have been turned over to the Chinese troops.

"Though the final results of the Russian negotiations with China for the reversion of Manchuria to the Chinese government, for the sake of economy, will not be known until the end of the year, it is evident that the Chinese will carry out the Portsmouth treaty, have not been attained, both negotiations are proceeding satisfactorily."

Count Witte has now withdrawn almost entirely from political life, except in the minor role as a member of the Council of the Empire. He was one of the main factors in the Portsmouth treaty. When questioned recently concerning the evacuation of Manchuria he said he was out of town with diplomatic affairs, but that the prompt evacuation of the Chinese territory was no surprise to him. He always had been convinced that Russia's promises would be promptly and fully carried out.

JAPANESE ALSO DEPART.

(BY THE ASSOCIATED PRESS-P.M.)

TOKIO, April 15.—The work of withdrawing the Japanese troops from Manchuria has been completed. April 2, and China has therefore expressed her hearty appreciation of the fact in notes to the Japanese government.

Secretary Root emphasized the necessity

of the withdrawal of Manchuria.

The last vestige of the war in Manchuria has now been removed. Fair play is my guiding principle. In promoting the peaceful development of Manchuria, through which our railway runs, national differences will be entirely ignored. Manchuria will be made a field for fair competition of all the nations. In order that we may carry out this principle, I crave attention on the part of those interested. Remember, the management of the road was only transferred to us on the first of the present month. The allowing of sufficient time to discover what is responsible for the discrepancy in fitness.

CHINA RESUMES SWAY.

(PEKING, April 15.—

The Russian and Japanese troops have now completed the evacuation of Manchuria, according to the terms of the treaty of peace at Portsmouth, retaining only a certain number of railway guards. All military movements have ceased and the Manchurian towns, etc., which were under Russian and Japanese control have been returned to the Chinese authorities. Since the handing over of the city of Mukden to the Chinese, the Japanese have been evacuating gradually, local authorities stepping in, taking over the administration of the places evacuated by the Japanese. Japanese troops had already departed from Heilung King to resume the government of the towns occupied by the Russians.

LOSES BONNET AND ALL HAIR.

(BY DIRECT WIRE TO THE TIMES.) DES MOINES (Iowa) April 15.—(Exclusive Dispatch.) As the result of coming in too close contact with a cigar lighter, Miss Hattie McLeod lost not only a \$20 Easter hat but all the hair on her head, as she started to pay for lunch in a cafe today. The cafe's employees put out the fire and sent Miss McLeod to a hospital. As physicians treated her burns, Miss McLeod remarked: "My hair will grow out again, but I shall never again see such a dream of a hat." The girl is a domestic, but desires she does on fine hats, and produced a receipt to show the price paid.

statement will be made regarding the distribution of troops.

China note, Japan, expressing her hearty appreciation of the complete withdrawal of the Japanese troops from Manchuria gives emphatic assurances that the Chinese government will shortly proceed with the reorganization of the administration of the Manchurian provinces. It is understood that Hsueh Chi Chang, who has been selected to be first vice-chairman of Manchuria, will be given special powers to that end.

(BY DIRECT WIRE TO THE TIMES.)

INDIANAPOLIS (Ind.) April 15.—(Exclusive Dispatch.) George Morgan, a veteran of the Civil War, 60 years of age, recognized on a street car here a man who had been accused of robbing him in 1902 and applies to the police to arrest the alleged robber.

Morgan said that after a severe campaign in Virginia, he became stricken with fever, and was sent to the convalescent camp on the Potomac River. He was able to walk, and was on his way to the camp when he was attacked by four men. One man gave him a blow that broke his jaw, another gripped his hand with a knife, and one of them shot him in the side with an army pistol.

Morgan said the robbers took \$7500, which he had saved from his army pay, and a pair of alligator boots that cost \$25. They left him for dead. When he recovered, Morgan said he was never able to find the thieves. He thought all of them had died.

He said he had never seen any of them till this morning when he got on a street car and recognized a man who was in the party, and who was called "Bill." He gave a minute description of the man and asked the police to arrest him.

The officers question if they can convict the man for a crime committed so long ago, and in another State, but they are looking for him, and want to get his story at least.

Work Begins to Find Why Gold Pieces
from Denver Mint Are Under
Weight.

(BY THE ASSOCIATED PRESS-P.M.)

DENVER (Colo.) April 15.—Departments heads in the new United States Mint in this city and three government agents connected with mini headquarters, began today checking up the coinage of the mint and making the annual settlements, several weeks in advance of the usual time for these settlements. This action, following the government report that gold coins from the Denver mint have been found to be under value in fineness of gold, though up to grade in weight, means that the government has begun action to discover who is responsible for the discrepancy in fineness.

The government report states that the coins were found to be under fine to the extent of 5 cents on every \$20 gold piece. The discrepancy was discovered by the Bank of England assayer, who passed on a shipment of \$1,500,000 made to England in January. The entire lot was at once condemned and reshipped to the United States. The discrepancy in the total gold coinage at the Denver mint, amounting to \$2,150,000, is \$7484.34.

BLUE STUDS; EVENING SUIT.

(BY THE ASSOCIATED PRESS-P.M.) NEW YORK, April 15.—Delegates to the Peace Congress were entertained this afternoon by a reception and luncheon at the City Club.

If the congress does happen to be opposed to war, in the maneuver following the announcement that luncheon was served there were some splendid evolutions and sed tactics observed! If the chicken salad had happened to be Gibraltar, England's boasted fortress would be no more. Perhaps the most notable thing in the way of dress was that worn by the earnest representative of a religious publication of Denver.

He appeared in the reception in his evening clothes, their somberness relieved by blue studs and a badge as large as a soup plate. He declared he knew that such costume was not usual in New York, but he was determined to "attract attention somehow." He succeeded.

MOB STAMPEDES, NEGRO ESCAPES.

WHITES SEPARATE AND FIRE IN TO OWN BODIES.

Confusion Reigns and Southern Black Takes Advantage to Flees from Wrath of Lynchers—Executors Reorganize and Hunt Him With Little Prospect of Capture.

(BY DIRECT WIRE TO THE TIMES.)

BUNNIE (La.) April 15.—(Exclusive Dispatch.) With a white mob threatening to capture and the members shot each other, the negro who was in their hands and who was to be lynched to the nearest tree, made good his escape and although another mob is chasing him, there is not the slightest prospect of his being taken.

It was a very unusual case. Charles Straws, a negro section hand at Bawville, seven miles west of here, was arrested late Saturday night for attempting criminal assault on a white woman, the wife of Ernest Morris, a cotton planter. Morris' wife was severely beaten.

"I cannot expect anything from an anti-administration. I have been hounded to death ever since I came in the office. Good-by, and God bless you and help you."

"Dear master, forgive me. Your distracted brother."

Chief Adams also left to his home in Georgia, where he was received with open arms by the police.

The Sheriff has been conducting a crusade against vice, which resulted in the indictment of Chief Adams and several other members of the police department. It is believed that the letter left for the Sheriff contains much that would be of interest as throwing light on recent disclosures, and the knowledge that such a letter is in existence and has been suppressed has caused almost as great a sensation as the tragic death of Adams.

It was admitted that Chief Adams expected a fee that all the blame for the police department scandal would be placed upon him after his death and that he wrote, among other things, "I ask you as a man, not to allow others to unload all the dirt on me," but otherwise the contents of the letter were not disclosed.

LEFT WIFE LOVINGLY.

Although the fact that the letter he left for his wife was dated four days ago shows that his act was carefully premeditated, there was no suspicion that Chief Adams was thinking of suicide. Bidding his wife good-by, with the remark that it was a fine day, he would take a walk in Branch Brook Park before going to the police station, where his wife was awaiting him.

While she went to market her husband for an hour paced up and down a path in the park, where several persons saw him and wondered at his strange behavior.

AROUSES SYMPATHY.

When the death of Chief Adams became known there was a reversal in the feelings of the people, which had generally believed that he was the most guilty, if guilty at all, of those who are under indictment.

Chief Adams was born in Brooklyn in 1844. He removed to Newark and became a member of the police department in 1875. He was made a lieutenant ten years later and rose to captain of the fourth precinct, he was made Chief on July 7, 1886. There was vigorous opposition to him from the police, who were afraid of his strict methods.

He was succeeded by Captain Michael Manning, who was a friend of Chief Adams and deplored the fact that he was not strong enough to bear the strain of the trouble in the department.

RUSH FAMINE SUPPLIES.

SHANGHAI (China) April 15.—Secretary Taft spent the day in consultation with various heads of departments, making a minute inquiry in an effort to learn the reason for the famine's gripes. The Supreme Court and its executive council entertained the Secretary at luncheon. In a speech of welcome, Chief Justice Justice of the Peace, visitor, a distinguished statesman, expressed the hope that Porto Rican children now growing up would receive from the United States the honor of American citizenship.

Split Among Counsel Delays All Action.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, April 16.—"If the case of Harry K. Thaw, accused of the murder of Stanford White, again comes to trial it has been agreed that the same line of defense as that used in the first trial will be followed. Evelyn Thaw will tell her story again, but her testimony will be greatly strengthened by documentary evidence that was not used before."

This is the statement credited to Lawyer Daniel O'Reilly of Harry K. Thaw's counsel tonight. It has been reported that O'Reilly would be chief of the defense when the trial is called again but this report was not confirmed today and it was even stated semi-officially that none of the lawyers who conducted the first trial had been dismissed by Thaw.

On the other hand, it was stated that several had been paid the stipulated fees and, while there would not be a formal announcement of their dismissal by Thaw, they would not reappear.

As to Mr. O'Reilly's reference to documentary evidence it was tonight stated that he referred to letters written to Evelyn Nesbit by Stanford White.

Dolphin M. Delmas, who led the fight at the recent trial, it is said, has severed his connection with the case. In this connection a story of the re-

TACOMA, April 16.—(Exclusive Dispatch.) The prospects of a protracted strike at the Treadwell mine threaten to do much harm to Douglas Island.

An Alaskan who has sided with the miners, members of one of the newly-organized unions have undertaken realization, and they now are buying their provisions in Juneau. Should the strike continue six months the Douglas merchants will have to close their stores.

The imports of Douglas Island last year aggregated almost \$1,000,000. Some miners and their families have been moving away and there is no longer a sufficient labor force.

It means just what it says. You are not going to make those men testify that I am innocent. I am sane and I am innocent. You are no longer in charge of my case."

Delmas secured the court's permission to confer with his client, the story states, and when he asked Thaw what the story meant, Thaw said to have been committed. He was just about to question him when he received a note from Thaw which read:

"I am no longer in charge of my case."

Thaw then asked Thaw for permission to withdraw, but his request was denied.

"I want you to take Dr. Hamilton off the stand, and begin to sum up before the jury," was the reply.

Delmas, who was immovable, and thereupon announced that the defendant rested his case, and Mr. Hamilton was excused without testifying.

TEMBLOR WREKS HAVOC IN MEXICO.

(BY THE ASSOCIATED PRESS—P.M.)

CHELICANCHO (Mexico). April 15.—This city is probably completely destroyed by an earthquake. The known dead number eleven and the badly injured twenty-seven. The greatest panic prevails and people are fleeing to the open country. The earth continues to rock at half hour intervals and many minor shocks are compounding the sense of destruction begun by the first earthquake.

Word has reached here that the town of Chiapas, 42 kilometers to the northeast, has also been destroyed. No details have been received as to the number of the dead and injured.

The population of Chilpancingo is 740, and until the panic into which the citizens have been thrown abates, it will be impossible to state the number of casualties.

The population of Chiapas is 15,000. No word has been received from Tuxtla, and it is feared it also has been destroyed. According to the movements of the earthquake Tuxtla would be in its direct line. The following message was sent to the Federal telegraph office in Mexico City from Chiapas:

"A general panic prevails, as the earth continues to tremble at regular intervals. Send us news that we may establish our office in the country."

All communication from the west coast has been cut off since the beginning of the first big shock, and it is not known to what extent the region suffered. The nearest large town, Acapulco, 121 kilometers to the southwest of this place, has not been heard from.

Both the volcanoes of Colima and Jorullo are in this region. The earthquake, it is feared, may cause these mountains to become more active and to destroy much property and many lives.

WIRES ARE DOWN.

SOUTHERN REPUBLIC SUFFERS.

(BY THE ASSOCIATED PRESS—P.M.)

MEXICO CITY, April 15.—The Federal telegraph office here has informed the Associated Press that last night's earthquake has interfered with the working of the wires in all parts of the republic, some of them drawn from the capital on the west coast to Tampico on the Gulf coast.

From messages received at the telegraphic headquarters up to noon it appears that the entire south half of the republic, including the lower country and the Mezquita belt, felt the shock last night.

(BY THE ASSOCIATED PRESS—A.M.)

BUNENAS, April 15.—Active eruptions are in progress in the territory of the northern part of the earthquake extended through the country in a northwesterly direction for over 100 miles.

The city of Bahia, Brazil, Mexico, has received a telegram saying that 500 lives were lost at the destruction of Chiapas and Chilpancingo. In general, most of the towns in the area are considered. It is admitted that both cities were leveled to the ground, but it is not thought that the death list will ever approach 1,000. The reason is to the fact that the houses are built of stone in order to resist earthquake shocks.

The Federal authorities here have been appealed to by the Governors of the states and the work of reconstruction and sanitation is being carried out in a systematic manner.

Both cities are so located that it is impossible to obtain accurate and rapid intelligence of the district.

WAVES ARE SHORT.

(BY THE ASSOCIATED PRESS—A.M.)

BERKELEY, April 15.—Perhaps the most remarkable shock of earthquake ever recorded at the students' observatory at the University of California was registered on the Osservatorio graph at an early hour this morning. The shock lasted for more than half an hour, and on that account it is believed that the local station is much nearer the epicenter of the disturbance than the eastern stations, where the duration of the quake was much longer.

"It is a well-founded fact that the shock is always shortest at the nearest point to the center of the disturbance," said Prof. Armin O. Leescher, director of the students' observatory and head of the department of astronomy at the university. "The shock felt in the East was very slightly recorded on ours."

Oil Trust Will Continue as Long as Possible Fight to Evade Judgment.

CHICAGO, April 15.—Despite overwhelming proof of its violation of the Elkins law as shown by the verdict of guilty returned against it in the United States District Court Saturday night the Standard Oil Company has by no means given up. No legal technicality is to be kept in the courts as long as possible.

Judge K. M. Lasley has set two weeks hence as the time when he will hear arguments on a motion for a new trial, notice of which was served on the Standard Oil Company by the attorneys for the oil trust.

WASHINGTON. LEGAL LIGHTS WILL DEBATE.

**International Law Society
To Hold Meeting.**

**Status of Private Property
During War Is Subject.**

**Secretary Root to Direct the
Proceedings.**

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON. April 15.—[Exclusive Dispatch.] With Secretary of State Elihu Root as president, the American Society of International Law will hold its first annual meeting in this city next Friday and Saturday. There will be a large attendance of lawyers and others interested in international law from all parts of the country, and important questions will be discussed.

The society has more than 600 members already, and among its officers are Justices of the United States Supreme Court, Secretary of War Taft, Andrew Carnegie, Joseph H. Choate, Judge George Gray, Richard Olney, and Secretary of Commerce Oscar S. Mote.

After an address of welcome Friday morning and the transaction of general business, there will be an address by Secretary Root. This will be followed by a discussion of the question, "Would immunity from capture during war of non-offending private property upon the high seas be in the interest of civilization?" in which Rear Admiral Simon G. G. Hyatt of Chicago, Everett C. Wheeler of New York, and others will take part.

Saturday will be devoted to the second and third conferences and the development of international law, and speakers and among those who will be heard are Gen. John W. Foster, John Bassett Moore, Judge H. M. Root of New York, and Robert M. Cooley, member of the Foreign Service, and the President in the east room of the White House on Saturday afternoon.

MAIL SERVICE FIRST.

ORDERS RETURN TO CLERKS.

(BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, April 15.—The duty of the government to post offices clerks and carriers who are members of the militia companies, to payment to that of their military service except at critical times, is the decision of First Assistant Postmaster-General Hitchcock, who has directed that the postoffice of Lorain, O., and strike duty with a company of the Ohio National Guard. The postmaster accordingly has been notified to have A. F. Goss, commanding First Assistant return to work immediately or resign their positions.

Investigation has led to the conclusion that no such crisis exists as to warrant the loss of pay due to the men of the postoffice doing military duty. Mr. Hitchcock today said that it repeatedly had been decided by the officers of the government that the mail delivery and delivery of mail cannot be interfered with for any reason whatever.

The Postoffice Department maintains that no one is entitled to belong to the National Guard for this reason. In this case, the postmaster reported that four of his employes are out with the militia company and that the service of his office is being seriously hampered.

Two of the four men returned to work, but Capt. Gove and Sgt. Phinney declined to do so.

TAKES AWAY BONILLA.

TO LAND HIM IN MEXICO.

(BY THE ASSOCIATED PRESS—A.M.) WASHINGTON, April 15.—The Navy Department is informed that the gunboat *Cincinatti* left Mazatlan on Saturday with President Bonilla, of Honduras, and it is stated that President Bonilla would be landed at Salina Cruz, Mexico.

His departure is in compliance with an agreement entered into between Presidents Zelaya, of Nicaragua, and President Zelaya, of San Salvador, that the Honduran President should quit Central America.

The terms of surrender to the Nicaraguan Government, *Panama* and *Amatapala* are being carried out peaceably according to messages from Commander Dohle and Phillip Brown, sent to the Guatemala legation.

TAX LAW CONSTITUTIONAL.

RENDERS VERDICT.

(BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, April 15.—New York's \$200,000 tax law was today declared constitutional by the Supreme Court of the United States in deciding the case of *Winthrop* Chancery and other heirs of the late Mrs. Laura Astor Delano vs. Controller Kelsey, in which the decision was against Mr. Chancery.

The case arose in connection with the will of Mrs. Delano, by which she devised to members of the Astor family some \$40,000 worth of property left by her father, William E. Delano, under directions given him before his death and before the statute was enacted. The question thus presented was whether the tax law, which imposes a tax under certain conditions, is constitutional. The State courts sustained it and the Federal Supreme Court upheld them in that conclusion.

The Court's opinion was handed down by Justice Day. He found Mrs. Delano's will to be the culminating act in devising the property, and therefore, the tax law unconstitutional. Justice Holmes delivered a dissenting opinion, in which Justice Moody concurred.

WASHINGTON BRIEFS.

D.A. Will Convene.

WASHINGTON. April 15.—The sixteenth continental congress of the Daughters of the American Revolution will assemble in this city in an annual session, which will extend throughout the week. Mrs. Daniel McLean, the president-general, will preside, and important questions of policy will be considered. The subject of finance of the organization, already a matter of debate, threatens to become a subject of much controversy. The society will elect officers.

European Cereals Hardy.

WASHINGTON. April 15.—The European crop report of the Department of Agriculture, coming in from 20 countries abroad up to April 1, says the wheat crop in Europe has excepted the British Isles, the Scandinavian states, almost everywhere, disappeared. That the protection afforded to winter cereals has been pretty generally efficacious is being demonstrated by the vigor with which the plants

In most countries seem to be responding to the quickening influence of spring.

PEACE CONFERENCE.

(Continued from First Page.)

Defense Closes Today.

WASHINGTON. April 15.—The defense in the trial of Binger Hermann, a German political prisoner, concluded, announced at the close of the session today that their testimony would all be in tomorrow. The afternoon session was devoted in large part to the examination of clerks in the Land Office showing the former keeping the official record of correspondence in the various divisions.

"Pacific Fleet" Formed.

WASHINGTON. April 15.—For the first time in the history of the American navy there has come into existence the "Pacific Fleet," comprising three squadrons, one with headquarters at San Francisco, two in Alaska, and a continental division, established by the Navy Department from Manila that he had hoisted his flag upon the armored cruiser West Virginia as commanding-in-chief of the Pacific Fleet. In organization the fleet will consist of the Atlantic fleet under command of Admiral Evans.

(BY DIRECT WIRE TO THE TIMES.)

London. April 15.—[Exclusive Dispatch.] Remarkable eloquence and ardent sympathy for all parts of the empire characterized the speech of Sir Campbell-Bannerman today, opening the conference of the principal ministers of the empire, looking to the Hague Tribunal, whose permanent mission—the peaceful adjustment of international differences—can not fail to have an ever-increasing voice in the chancelleries of nations and in elevating the international morality of the civilized nations of the world.

GERMANY IS FOR PEACE.

Secretary Strauss was followed by Hugo Munsterberg of Harvard University, who declared that Germany is increasing in power and popularity, and the judges in particular made permanent and given adequate salaries so as to make it increasingly probable that such a result may come before long.

Dr. Ernest Rutherford, president of the German-American Peace Society of New York, also spoke for Germany.

Professor Munsterberg declared con-

scription was not a burden in Germany and thereby called down upon himself the emphatic criticism of Mr. Carnegie, who said:

"The most remarkable one of the greatest surprises I ever have heard. I wish you to repeat it again."

Thousands of people, added Mr. Carnegie, left Germany to escape military service.

W. T. Stead then said:

"There has been all sorts of talk about disarmament. I have heard it in every country. England and France have agreed to have it as the devil hates holy water. No government in the world is going to propose any such thing at the Hague conference or anywhere else. The British will be the first to start a bill in this mad house to increase armament and still not decrease them in a numerical degree."

Mr. Stead declared the spirit of arbitration to be the great dividing line between Germany and France at the time of the Moroccon difficulty.

PRESIDENT'S LETTER.

In a letter to Andrew Carnegie the President heartily endorses the peace conference. His letter is as follows:

"My Dear Mr. Carnegie: I much re-

gret my inability to be present with you. Mr. Root will speak to you at length and no man in some of the delegations given me time to address you on the subject you have so much at heart.

In this letter I can do little more than assure you that you have done God-speed in your efforts. My sym-

pathy with the purpose you have at heart is both strong and real and by right of it, I shall make to some extent to appear in behalf of liberty and righteousness, of peace with justice, and of human brotherhood the last."

**ROADS FIGHT
FOR FORESTS.**

(BY DIRECT WIRE TO THE TIMES.)

TACOMA. April 15.—Three transcontinental railroads are contending for advantage and secure control of the vast fir and cedar forests covering Jefferson and Clallam counties, two of the most Northwestern counties in the United States, from Puget Sound to Gray's Harbor to the Strait of Juan de Fuca, the country is full of surveyors and timber cruisers. The Northern Pacific owns a logging railroad running out of Port Angeles and the Fort Townsend Southern. These are to be joined, and new lines built, forming complete a belt line around the Olympic Peninsula. Two years will be required to finish it. The Union Pacific and Chicago, Milwaukee, and St. Paul roads are working together to build another belt line around the peninsula from Gray's Harbor.

The St. Paul road has purchased the largest part of the timber in Clallam county lying outside of the forest reserves, and is still buying. It plans to extend its line during the next year.

STORE IS BURNED.

(BY EXCLUSIVE DISPATCH.) Fire was discovered

midnight in the rear part of the

ground floor of the Boston Store,

one of the largest department stores in the city.

It is a two-story brick structure.

A lodging-house is located on the second floor.

Owing to slack water supply the

MUST PAY FINE FOR CONTEMPT.

SUPREME COURT RULES AGAINST PATTERSON'S APPEAL.

Writ of Error Suspending Sentence of Former United States Senator Who Published Story Alleging State Tribunal Was Subversive to Corporations is Dismissed.

BY THE ASSOCIATED PRESS—A.M.

WASHINGTON, April 15.—The Supreme Court of the United States today dismissed the writ of error in the case of former United States Senator Thomas M. Patterson of Colorado, in which the Senator was fined \$1000 by the Colorado Supreme Court on the charge of contempt. The action has the practical effect of affirming the decision of the Colorado courts.

The order in the writ was delivered by Justice Holmes, who said in effect, that the court was without jurisdiction.

Justice Harlan delivered a dissenting opinion. Justice Brewer also dissented from the decision.

The proceeding against Patterson

got out of the Senate when he

was indicted on charges of

corruption in the campaign of 1904.

NOLAN'S PLANS FOR ENGLAND.

Cards Arranged for Great Fistic Carnival.

Entertainment to Extend Over Two Days.

King May See Fights Under Picture Machines.

Billy Nolan has received word from England that the promoters of the big fistic carnival have arranged the programme into a two-day affair for the last week of August. There are to be two twenty-round battles each day.

Jimmy Walsh is to meet "Digger" Stanley, the featherweight champion, while Al Atwell and Joe Newell fight for the featherweight championship, on the first day. Nolan is to meet Summers, O'Brien will fight Holt on the second day, according to the plan.

It is probable that one bout will be pitted off in the afternoon, and the other in the evening. Each day, six bouts may be held in the evening, and a double star attraction will no doubt be announced.

"The battles are to be held in the Olympia arena, two miles from the Strand. This structure will seat about 15,000 persons, and all arrangements have been made to care for more. It was at this place that a great crowd gathered to witness the Hecken-schmidt-Madriz wrestling contest some time ago.

PRIVATE TO TRAIN.

The American fighters are to train at Wadsworth, where the American athletes who invaded the English underpinnings about two years ago, prepared for the events. It is a favorite resort for Americans and the Yankees colony there will have all sorts of amusements.

Billie Hines, manager of the full arrangement of the picture privileges and will have all the fights photographed and reproduced by the English syndicate, which is to be far superior to the American type.

It is specified in the contract that all the Americans must leave this country by July 15, so as to be in England a month before the beginning of the games.

If it is not at all improbable that the King may witness one or all of the contests. He visits the races and attends other sporting events. He is a great sportsman and it is to be expected he needs to entertain him in style at the carnival.

The last carnival of fistic events in which Americans took part occurred in the spring of 1905, with Mullin, Sharkey, Ryan, Gorman, and others put up a sort of an entertainment. This card, however, is between men and promises to be much better.

Another point of interest is that O'Brien is coming to Los Angeles to come to terms with the battle with Tommy Burns, but local persons interested want to see him here just as quickly as possible.

He has not yet received certain guarantees promising to him, and the team a few days ago, although he was true with his telegrams announcing the allowed discharge of Herbert Forde.

There are rumors of secret bickerings.

**"FORDERISMS,"
BY JACK O'BRIEN.**

Boost yourself when able; when not able, get some one else to do it.

When you don't want to meet a man in the squared circle, ignore him.

When you can't ignore him, give him a lesson in "etiquette," "accent" or "gentlemanly language," that will kill him.

Should any get a decision over you, just laugh carelessly, shrug your shoulders, and gently say: "Oh, merely an off night."

When you get roughly handled by one whom you have described as a "big dub," you must put it down to "remarkable and unexpected improvement in the dub."

Speak of "cleaning the au gean stables of sport." No one will know what you mean, but they respect what they cannot understand.

If you want to see the other fellow's game look simple and childlike, it's a cinch he'll show you his hand.

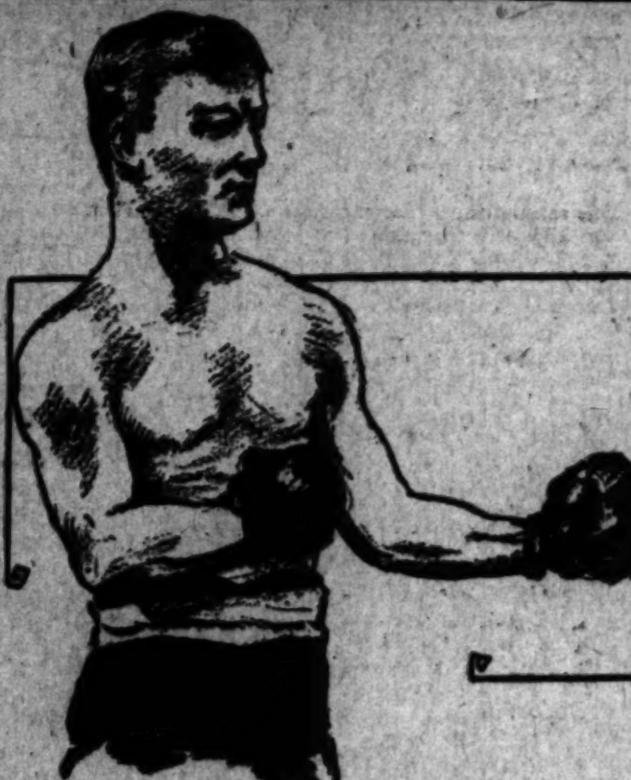

When you cannot beat a man in the ring, you can get even with him by refusing to participate in any purse with him. The less of the cash will hurt him more than your fist could.

A journalist, a poet, an artist, may be a sloven in dress; a pugilist never so; he needs all the aristocracies of modern civilization.

Never call a pugilist a "pug," it hurts the game. "Gentleman boxer" is nice, and sounds better.

You might be the Napoleon of the ring. But beware! attached to Napoleon was St. Elba, Waterloo and St. Helena.

Always attempt the impossible. While you are busy the people are amazed. It is a tremendous "boost" for you. When you fall you are just where you began, and the public merely says: "What could you expect?" But you got the "boost."

SCHRECK WINS IN NINETEENTH.

SCORES KNOCKOUT OVER WILLE IN TERRIFIC BATTLE.

Tonopah Scene of Successful Fight Which is Attended by Many Men—Men Put Up Even Go Up to Thirtieth Round—Mike Then Holds Advantage to the End.

BY DIRECT WIRE TO THE TIMES.]

TONOPAH (Nevada), April 15.—(Exclusive Dispatch.) In the most exciting and dramatic heavyweight fight ever witnessed, Mike Schreck of Cincinnati knocked out John Wille of Chicago tonight, in the nineteenth round. In the beginning Wille seemed to have the best of it, and it was a pretty even fight up to the thirtieth round.

The men were fighting from the sound of the gong until Wille went down and out. Schreck kept hammering at Wille's left ear, until he had gone, when he wound him up with a left-hander under the heart. Wille, in his last, got to his feet, and Schreck followed him, and when he finished him with a left to the jaw, Schreck will fight at Kaufmann's on Decoration Day in the same ring, and the winner of that fight expects to meet Jack O'Brien.

There were between two and three thousand persons in the Casino Athletic Club pavilion, including a number of women.

Two trainloads of people came from Goldfield, and most all Tonopah was present. Wille was the favorite in the betting, but Schreck took top on the strength after the first few rounds.

The fight was under straight Marquis of Queensbury rules. Otto Floro of Denver was referee.

The thirteenth round was a hurricane, and Schreck stood to finish Wille when the latter hampered him viciously on the head.

After that there were a number of good rounds, which for the most part, Schreck had the better of the fight. He rained a fusillade of blows on the head and body, his right being particularly effective, on Wille's left ear. Wille put up a good hard fight, but Schreck had him several times on the ropes. The Dutchman was considered all through.

General tales of one or other meeting between John Wille and Mike Schreck, which took place at Salt Lake City two years ago, were denied.

At the end of the Mike Schreck-John Wille battle at Salt Lake City, and handed out quite a bunch of decisions, he says: "John dropped Mike several times. The first time he went down he claimed he had been hit low, but Bean would not stand for it. Schreck went down again in the tenth, and when proved to be the last round, Bean claimed he had been fouled. Bean told him to get up, and as he was unable to do so, Bean awarded the fight to Wille.

"Schreck, however, Jolly Hogan, demanded that his man be given the fight on a foul. Bean equal to the emergency, did as requested. The fight was over.

THE CITY IN BRIEF NEWS AND BUSINESS.

Franchise for Sale.

Through a petition from the Pacific Light and Power Company the Board of Supervisors yesterday voted to advertise for sale a franchise for poles and wires on all county streets in Los Angeles county.

Hed Just Accepted Position.

Capt. Edward G. Tracy, who died suddenly twelve days ago in Monterey, Mass., had just accepted the position of mechanical manager for Trevino Bros. of Monterey, extensive mine owners and operators, and electrical and mechanical engineer. His widow resides at No. 212 North Union avenue, County's Fiesta Decks.

The Board of Supervisors yesterday gave orders to the head janitor at the Courthouse to purchase ten new flags for Fiesta decoration of the county's buildings. It is to be done with the Fiesta decorative committee as to make the Courthouse conform to the general plans for the city's adornment in May.

Incorporation Papers Muddled.

The proposition to call an incorporation election for Glendale will come up again before the Board of Supervisors today. It has been discovered, however, that the papers are faulty in the description of the boundary lines, and all the preliminary work will have to be gone over again. This will postpone the final action for several weeks.

Licenses Granted.

Three liquor licenses were granted yesterday by the Board of Supervisors. E. Seave was given a winery license for his place three miles north of Wilmette. Trinity Company got a winery license for their location on the Altimont and Anaheim road; and Mrs. M. Weis was given a renewal of her winery license for Precinct No. 1, Downey.

Injured in Runaway.

Joseph G. Patton, No. 315 South Flower, was severely injured when in a runaway yesterday morning. The two black horses belonging to Piero Bros. took flight and threw Patton from his seat and under the heels of the team. The horses ran away and were stopped on Eighth street, half a mile from the Piero undertaking parlor. Patton was removed to the Receiving Hospital, with a dislocated shoulder, and will be in a body cast for a week.

Funeral of Capt. Howe.

The funeral of Capt. Thomas Howe of the fire department will be held tomorrow afternoon at 2 o'clock at the Church of the Nazarene, Sixth and Wall streets. Thirty members of the department, including all who could be spared from their duties, will attend, in a body. Members of Capt. Howe's company will be relieved from duty and all will attend. The hearsebearers will be members of the department, it is said.

Complaints, 'Tis Said.

From the office of city prosecutor will issue this morning complaints charging T. R. Gabel of the Los Angeles-Pacific Railway Company with violating a city ordinance, according to J. J. Adcock, assistant in the prosecution service. The specific charge is of running cars without proper fenders. Complaints have also been prepared, it is said, against about fifty motorists who have been driving recklessly. Other street railway companies are to be proceeded against, if the prosecutors do as they may will.

Officers Liable to Arrest.

According to W. W. Zimmer, superintendent of the Society for the Protection of Cruelty to Animals, only 170 dogs have been registered, although there are 500 in the county. The thirty-day limit for registering has expired and under the law the owners are liable to arrest if they fail to register for misdeeds. "We are going to be made within thirty days, but after that time the officers of the society will begin to arrest. There are about 150 dogs born in Los Angeles, and most of the others being born in Monrovia, Pasadena and Pomona. H. S. Fowler and J. W. Neves were yesterday elected special officers of the society.

Contract for Quarters.

The Board of Supervisors yesterday signed a contract with R. E. Hart and C. Crowell for the large portion of the first floor and the entire second floor of the building at the southwest corner of Franklin and Spring streets. This gives a frontage of twenty-four feet on Franklin, 110 feet of first-floor space on Franklin, and 200 feet of second-story frontage on Franklin. The contract is for three years at a monthly rental of \$1000, and payment to be made in advance, starting September 1st. The county is to have the privilege of extending the lease on the same terms of rental.

DOLLARS

Tea Gowns, Matinee Kimonos and Sacques

Doubtful if there's a concern in the West showing so large and varied a stock of these dainty house garments as we show today. Seems that every kind and color and style is here, and at prices, too, that will prove surprisingly small to judges of current values. Make it a point to see this new stock while it is complete—today.

Silk Kimonos \$2.50

Short kimono of plain Japanese silk, with borders of fancy Dresden ribbon; every wanted shade, new styles, \$2.50.

Long ones of the same materials, colors and styles, at \$5.

Lace Silk Kimonos \$3.75

What a host of handsome Japanese designs—blossoms, etc.—either dark or light colored borders, \$3.75.

In state general style at \$6.50.

Finishing and finish of these garments, the exception, and the tasteful trimmings.

AUTO KNOCKS,
ALSO DRIVER.

Man Run Down on Street
Doubly Jarred.

Palmer Stops When He's
Cursed by Victim.

Both Taken by the Police and
Patched Up.

It is bad enough to be knocked down by an automobile and rolled along the street, but to have the chauffeur playfully hit you on the head with a steel crank so you cannot see through the blood which stains over your face just for "calling" him, is enough to make a man poorish.

Yesterday at noon about a hundred pedestrians saw an exhibition of this sort at Third and Main streets. W. R. Palmer, who lives at Grand avenue and Pico street, was the man in the automobile, and Charles Barnett, a track eter, who gave his address as No. 1214½ South Grand avenue, was the victim.

Barnett was busy greasing the outer rails of the street car line when the automobile of Palmer turned the corner sharply. Barnett failed to notice it and was run down. Without the slightest attention to the laborer, who lay in the street, Palmer is said by eye witnesses to have continued on his way.

What ensued is better told in the language of Walter Morrow, the man who knows neither man, and who saw the entire performance. Morrow says:

EVERY WITNESS SAYS.

"The man in the automobile did not pay the slightest attention to the laborer, but continued along Main street. The good fellow, who had been struck was dazed for a few seconds, and then staggering to his feet began to curse the man in the machine in loud and select blue language. While the fact that he had struck a pedestrian did not deter the valiant chauffeur, he stopped short at the curses and backed his machine toward the workman. He leaped from his car, seized a crank, and approached the dazed laborer. He asked him if he had called him a certain villain by name, and when the fat accommodationist it had struck him on the side of the head and again on the face with the steel crank.

"The laborer sank to the street for a moment, but he was a large man, and he soon got up and hit the man fighting blood was up, it seemed, and with gore streaming down his face he struck viciously at the auto man. He landed straight on his jaw.

"The laborer was unshaken by the loss of blood that he sank to the ground after the one blow and then the auto man kicked him several times, and started for his machine. The driver, however, after hitting the chauffeur and told him to wait for a policeman. Finally officers came and the bystanders told them to arrest the man in the automobile. They started to arrest him. A few words passed and the auto man ran back to the laborer who was lying on the pavement and placed him under arrest. Meanwhile the man in the machine went into Woodill & Huie's store, and when he emerged he was accompanied by a policeman from Woodill. An ambulance was summoned and the laborer bundled into it and taken away. The automobile followed toward the police station."

NO RECORD MADE.

At the Police Station there is no official record of the affair. Neither the arrest nor treatment of Barnett is recorded as far as could be ascertained.

A conference of some kind was held in the office of Chief Korn and the police commissioners and Barnes, who had been patched up in the Receiving Hospital, was helped to the office.

It is stated that through pressure brought to bear, no charge against Palmer was made, and after he had given \$20 to the laborer the matter was called settled, and both left the Police Station.

Mr. Palmer, when seen at his apartment last night, said: "I am sorry the paper is to get into the papers. We fixed it all up quietly before we left the Police Station, and thought the papers would not get hold of it, but I want my side of the story."

PALMER'S VERSION DIFFERENT.

"You know there is a great deal of prejudice against automobiles, particularly among workingmen, and when I accidentally bumped against the man who was working at the tracks, he got very angry. He was not hurt and I went on by, but he called me a vile name, and I backed my machine up to where he was and asked him if he called me that name. He said he did, and before I could say anything further, he struck me in the face. Then I jumped out of the machine and struck him with the handle. I really do not know what I did after that, as I was very much excited, but I know he knocked me flat in the street. It was a pretty lively scrap until they separated us, and after I had gone back and washed off the dirt I went to the Police Station to fix it up."

"I know I did wrong to go back, but I am not used to being called names of that kind, and after he struck me in the face I felt that I had the right to defend myself."

Palmer had a small cut in the right corner of his mouth, in which a stitch was taken by the police surgeon, and there are several scratches extending across his face, but no contusions. He sat smoking a cigar and said nothing concerning the news papers.

Inquiry developed the fact that there is no No. 1214½ South Grand avenue, where Barnett is said to have made his home. All efforts to locate the laborer failed last night.

SCHOOL CONCERT.

A concert by the Chicago Symphony Orchestra will be given at the Polytechnic High School on Saturday afternoon for the sole benefit of the pupils and faculties of the High Schools of Los Angeles. The affair is under the direction of the Polytechnic board of contractors and managers of a fine musical event. The orchestra consists of fifty-six musicians, with five soloists and a world-renowned director.

WOMEN ARMED WITH CLUBS
BATTLE FOR STATE HONORS.

MISS ISABELLE SMITH,
one of the beauties and experts of the tournament.

"SAY, dat drive was a peachero," said a small caddy at the Country Club yesterday afternoon, as a white meteor sped over the golf links in a long clean drive of 150 yards or more, propelled by the slender arm of the youngest—some say the prettiest—of the women golfers qualified in the championship tournament begun yesterday by the California Women Golfers' Association.

The golf girl of the long drive, the spectacular play, and the promising future was Miss Isabelle Smith of Evanston, Ill., the home of millionaires and golfers. She qualified in the fifth place in yesterday's trials. Her brother, who was second in the men's competition, put her into the hole of the next green. This little girl, blowing free in her wind, her hair were bare to the elbow, her brown eyes were set straight upon that ball, never moving for a fraction out of line with the little white sphere as her arms swayed and her body in a swift movement, and the ball drove out, far out, to be conveniently putted into the hole of the next green. This little girl, who has a chance for the women's championship of California, which is to be decided at this important tournament, will have her name inscribed on the splendid association cup, chief of all the prizes, and she will receive a beaded bracelet.

Bliss was second in the good old Scotch game during the last few days.

Like mother like son, for Mrs. Sherwood and the vice-president of the association, Mrs. Frank Griffith, of southern California, were easily among the striking players of the opening day. She was second on the list in the qualification.

Wednesday, April 19, the Corcoran held third place. She is a factor to be reckoned with in the outcome of this tournament, having won the championship of Southern California last Saturday at the Pasadena Country Club. In the semi-finals on the links of the Pasadena County Club she defeated Miss Isabelle Smith by three up and two to play, while Mrs. Maule of Los Angeles, who had been runner-up in the previous State, defeated Miss Wallace by one up in the ninth green.

In the final of this match Mrs. Mumford defeated Mrs. Maule, four up and three down, and Mrs. Mumford received the gold medal of the Southern California Golf Association, the cup of which will now be held by the Corcoran Country Club. Mrs. Maule received the silver medal, and Miss Smith and Miss Wallace the bronze medals.

WHICH SHALL IT BE?

Among the first six of yesterday's contestants will doubtless be found the winner of the finals of the present tournament next Saturday when the players narrow down to two, and the excitement mounts to fever heat. The fortunate six, the ones for whom the names came are: Mrs. Frank Griffith, Mrs. Sherwood, Mrs. Mumford, Mrs. Perkins, Miss Smith and Miss West.

Shakespeare would not have asked "Why I never played worse," come from this one, and that one. "Oh, do not print the score," begged another feminine voter, "for people might not understand the difference." But the score was good golf, in spite of the high scores, and the tournament represents

BOGUS COIN
FLOOD TOO.

Spurious Notes Not Only
Woe of Orient.

Upheaval in Finances May
Follow Probing.

Traveler from Far East Has
More Light.

"The Orient is absolutely flooded with spurious currency and while the sensational revelation concerning the counterfeiting carried on in Manduria and other parts of China published in The Times Sunday morning, pointed a direct finger toward the Japanese, and undoubtedly is absolutely true, there has existed for years a craze for counterfeiting that has extended throughout the entire length and breadth of China, and also in the Straits Settlements," said M. D. Taylor yesterday. He has recently returned from the Orient, where he spent a number of years. "The estimate of the Japanese into the counterfeiting business has proved in a more perfect note, and one that for the first time has foisted the postal and banking officials. Prior to that, it was only the common people, who accepted freely this bogus money," he continued.

The disclosure in The Times Sunday morning of the tremendous counterfeiting scheme discovered in Asia awakened intense interest in the banking circles of the city. The connection of the famous bank of Banking Brothers, of London and Argentine, South America, which caused a wave of financial disaster to sweep around the world, and resulting financial depression for six months. The American failure, however, ran up in the billions, and there is not the slightest expectancy of even a ripple being felt in the financial circles of America through the trouble in the Far East, where Europe may be affected. It is expected that when the investigation into the condition of the several larger banks of the Far East is completed there may ensue an upheaval in finance, though probably merely local.

DON'T KNOW REAL MONEY.

"The American people have not the slightest idea of the immigration officials, especially those of the lower classes, have in regard to the currency," said Taylor. "Anything that bears any semblance to legal tender is accepted at face value through all of the provinces. I remember not long ago when I went into the post office in Singapore, I was astonished to see a tremendous display of all kinds of coins. There were rupees from India, Mexican dollars, gold coins and bank notes. I saw a man carrying a bag inside in a large counter, partly as a warning to would-be passers of bogus coin and partly as souvenir."

"I should estimate that there was over \$10,000 in this bags of coins. In fact, the post offices and the banks are the only institutions which refuse to accept spurious coin."

"The inference from this statement must be very painful to Americans, but it is a fact that there is not the slightest attention paid to good or bad money among the natives. They are of such a low grade of intelligence that they will accept anything as long as it is real."

"One thing that has paved the way to this almost universal acceptance of any imitation as legal tender is the fact that the Chinese from the provinces, especially from the provinces, have been compelled to trade their products for another. When they receive money they have a habit of melting the Mexican dollars and using them as ornaments until such time as they have enough to buy a small article. They then take their silver and hammer it out into some crude semblance of the dollar and use it to buy again. It can be easily seen that the nations of the Orient would lead to a disregard of the finer points of currency."

COUNTERFEIT CLEARINGHOUSE.

"In Johore, in the Straits Settlements, is one of the largest gambling establishments in the Far East. Here is one of the great clearinghouses for counterfeit money. The gamblers, in the heat of play are forced to accept fake money, and they as freely give it back again."

"On the sugar estates the law compels the large companies to pay in gold coins to avoid having counterfeit money forced upon them, and their employees are compelled to trade their products for another. When this is carried in the end, as it probably will be, it will work untold hardship upon some of the smaller citizens. Chinese who deposit their money in banks, but bury them. They have what they call 'bamboo chungs,' which is merely a section of a large piece of bamboo with both ends closed by one of the natural knots or with fiber. A small slit is cut in one end of the 'chung' and the paper money is thrust into it. The natives almost universally desire paper money, and it is difficult to make them understand that when buried like coin when they die, they are buried."

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The attempt to revoke the wholesale liquor license outside the saloon zone has started the second legislative fight of the year at the City Hall.

City Attorney Hewitt's anti-principle bill received but three votes in the Council yesterday.

A charge of sharp practice was made by Councilmen yesterday in connection of the passage of a "loaded" health department ordinance a week ago; the ordinance names positions the Council never intended to create.

Inspector Edwards of the department of public works sent to the Mayor yesterday a communication asking for exact details information about the city streets reported as impassable to fire engines.

The Supreme Court of California began its April term in this city yesterday, the proceedings being confined to the hearing of motions of the setting cases for argument. It is possible that Abe Ruef's application for a writ of habeas corpus may not be decided at this session, but will be deferred until the court returns to San Francisco.

Petitions for the appointment of a guardian for the children of Inez de Bottiller, in place of Alfredo Bottiller, were presented in the Superior Court yesterday, and the contest for the place began in bitterness. Mrs. McGovern told of the terrible condition of the children when their uncle brought them to her home.

A strange story was told yesterday in the trial of a suit for divorce brought by Annie Smith against John A. Smith.

Clifford Gunnings and Frank Deering, Los Angeles High School boys, were arraigned in the police court yesterday. They are accused of having appropriated automobiles on six occasions. School girls, it is alleged, were their companions on some of these outings.

John A. Smith was arraigned before Justice Ross yesterday on the charge of rape.

Three druggists were fined by Justice Chambers for selling liquor illegally.

AT THE CITY HALL.

LIQUOR FIGHT STIRS COUNCIL.

Royal Arch Demands That No Wholesaler Outside Saloon Zone Be Disturbed—Mayor Declines to Sign Hottest Contest of Year. Owning Bond Election Set.

The second legislative fight of the year is waging at the City Hall over the proposed new law, putting out of business all the wholesale liquor dealers outside the saloon zone.

Twenty civic and religious bodies sent resolutions to the Council yesterday congratulating the legislature on their action of a week ago, when they passed the liquor-zone ordinance, and urging the proponents of the measure to stand fast.

From seven of the nine wards of the city, political poohahs went to the City Hall to warn the Councilmen that they must reconsider that ordinance, with under penalty of political annihilation.

Gambett, Healy and Lyon came out strongly yesterday in favor of the liquor men; each of these owes his election largely to the liquor interests in his ward. Edwards and Stearns, also voting to the tailgate of the water wagon, but they did not appear to relish the ride.

Wallace and Wren spring a pretty coil on the Royal Arch, and the liquor men, who are the main supporters of the Council, are staving off the Council. The liquor men framed a programme over Sunday to have the ordinance called back from the mayor and amended so that no license now in force outside the zone will be affected.

For calling back an ordinance there is an honorable precedent extending through half a dozen administrations.

The Councilmen voted yesterday officially for the first time. The Non-Partisans raised the point of order that the Council has no jurisdiction over an ordinance after it has left the mayor's desk, and that the power to call back or to veto an ordinance would be out of order.

Thinking he was safe of his ground, Councilman Healy appealed to the City Attorney. Assistant City Attorney Wilson, who is for Mr. Wilson's general theory that the ordinance could not be recalled. The Council could recommend its veto to the Mayor, but they have lost jurisdiction until the Mayor acts, or declines to act, permitting it to become a law without his signature.

This decision knocked the plans of the liquor men clean through the ropes. Unable to frame a new programme, the adherents of the Royal Arch contented themselves with gathering and saying unkind things about Mr. Hewitt's department. "The ordinance is not at all to Mayor Harper's liking, but he does not relish being placed in the position of a legislator by a committee which he originally suggested," said one of the members. This afternoon there were fitful discussions, but the day closed with the Non-Partisans in control.

Former City Attorneys Mathews and Dunn appeared in the opinion last night that Mr. Wilson is correct in his ruling, that the Council has no authority to call back from the Mayor an ordinance which they have once passed, and that the City Attorney, Mr. Hewitt, concurred.

"It is a practice that has grown up during the last few years," said Mr. Mathews; "one that prevails both here and at Sacramento in the State Legislature, but I am inclined to the opinion that it is without warrant and never should be followed."

"Some of the friends of good government expressed regret last night that the Council was not permitted to recall the ordinance. They said the Mayor might have sent it back, and the Council ordered it filed under the impression that they were killing the proposed legislation. Then when the left-hand page, by law, is to be signed by the Mayor to execute his vote, a mandamus suit to compel the City Clerk to publish the ordinance would show that the new law was valid."

This morning appears certain. Mayor Harper will not sign an ordinance putting out of business the wholesale liquor dealers outside the present saloon zone,

even though the proprietors are given one or two years in which to close out their saloons.

These men supported the Mayor during the last campaign almost to a man. They are the bulwark of the down-to-date Democrats in the Sixth Ward, and the Mayor will not stand to see what he deems an unfair advantage taken of his political friends.

Councilman Wallace said yesterday afternoon that he will consent to an amendment to the bill to give the outside wholesalers nine months time in which to retire from business. To this the other Non-Partisans assented; but it will not be accepted as a compromise by the Royal Arch.

Attorney James, ex-Police Commissioner, appeared before the Council yesterday as counsel for the wholesale liquor dealers outside the saloon zone. He urged that the Council and Board of Trade be allowed to make the same decision in this case.

The liquor men will insist that all fenders must be placed on the cars not more than three inches above the road. Mr. Dunn says that this is not practical, as places where fenders are likely to come off from the going down hills loaded car sinks an inch and a half lower on the springs than does an empty. Mr. Dunn asked that the Council and Board of Trade be allowed to make the same decision in this case.

A resolution to this effect was passed by the Council. A day will be set for a joint hearing before the Council and the Board of Trade.

At the hearing, it will be shown that the members of the Huntington Hills will exert every effort to prevent action to be taken against them.

munity from arrest, it is claimed that the students stole the handsome touring car of J. V. Baldwin and enjoyed an outing in it. It will be charged that the machine was also abandoned after the lad had run it dry. Next the Polk-Hartford car was taken, and the pair, it is alleged, drove around the city with two young High School girls as passengers. The girls, in this case, did not know the machine had been stolen. It is claimed the lad told them that he had run out of Gunning's father.

When Gunning was arraigned yesterday at least a score of his High School friends occupied the benches in Justice Chambers' court to witness the girl with flushed and excited faces came, expecting to hear an examination.

That neither of the boys was really stealing is the view of the police. There is said to be no evidence which they can be prosecuted for anything more than a misdemeanor. Should the six charged which the police claim to hold against the two be pressed successfully, heavy fines may be imposed.

Accused of Dastardly Crime.

John A. Smith was arraigned yesterday on a charge of rape in Justice Rose's court, and was held under \$5000 for examination Wednesday morning. It is alleged that the prisoner assaulted a 15-year-old girl.

Druggists Fined.

A. D. Van Horn of No. 314 East First street, A. P. Nelson of Fourteenth street and Central avenue, and Andrew L. Johnson of Cleveon and Sonoma streets were fined \$10 each yesterday by Justice Chambers. They were convicted of selling liquor unlawfully.

WATER BOARD.

Gives Notice That Quit-Claim Deeds to Abandoned Zanja Rights May Be Had Free.

Yesterday afternoon the Board of Water Commissioners instructed the secretary to notify abstract companies and title searchers that when abandoned zanja or water rights operate as a cloud on the title of real estate in the city, quit claim deeds will be executed by the water board without cost to the owner or purchaser, and the services of an attorney are not necessary. The commissioners have learned that attorneys have charged fees of \$25 or \$50 to purchase lots under pretense of the board clearing clouded titles, when it is necessary only that a request for a deed be made to the board. The attorney renders no service except the writing of a deed, and the title company makes the requisite deed, and the commissioners desire to have it known that in such cases it is throwing away money to hire a lawyer.

The board awarded a contract for 400 barrels of cement to Missall & Co., at a bid of \$2.30 net per barrel.

BUYS CORNER ON SEVENTH.

Northwest Corner of Lucas Purchased for Fifty Thousand—May Build on Hill Street.

Joseph Burkhardt has purchased of Nellie B. George a lot on the northwest corner of Seventh and Lucas streets for \$50,000. The lot is 100x130 feet in size, and is improved with a substantial two-story frame residence, which is said to bring in a rental of between \$800 and \$1000 a year. This is a few hundred feet west of the old Eben Smith property, recently sold at public auction for \$168,500. The price paid is \$500 a front foot for the West Seventh-street frontage of the corner sold yesterday.

May Build Six Stories.

The land on the southeast corner of Seventh and Hill streets, formerly the site of the Gray Gables, has been cleared of the old frame structure by the wreckers.

It is understood that negotiations are under way for the closing up of a lease, in which the owners of the property agree to build a modern six-story store and office block.

This property was recently purchased by Mrs. Florence Crampion for \$20,000. When asked if she intended the demolition of the old structure, then occupying the land, Mrs. Crampion replied to the question, "Do you intend to build?" "We have no plans in view at present, but may improve the property later."

Large Profit Within Year.

George D. Ruddy has sold to a local investor, through the agency of Moyer & Gilbert, the northeast corner of Los Angeles and Twenty-first streets. The lot, fifty feet wide on Los Angeles street by 145 feet on Twenty-first street, and is improved with an eight-room frame cottage. The property sold for \$11,000 cash. The seller bought this property a little over a year ago for \$10,000, which shows how property has advanced on this spot since the widening and paving was begun.

PLATINUM GOES DOWN.
NEW YORK, April 15.—Platinum, which bottomed up in price several times last year and in the first movement the first three months of this year, began two weeks ago to turn the other way and since then has fallen \$4 an ounce, going down from \$23 the top mark to \$19. Rumors are still there of a likelihood of a further decline. People who buy diamond jewelry, photography, dental and electric supplies will be benefited by the fall in the price of the platinum.

PLAYERS AND PLAYHOUSES.

Going East

EL PASO. "The Undertow," El Paso's new play of municipal politics and disorganization, came to a successful conclusion at the Belasco last night. The story is that of the corruption of our own city of El Paso. They want to know more about the bribery charges made against them. Many have said that it is not the real question we should consider. It is time to try to make the city to go.

Ale is a man who seems to think it is all too comfortable in the big city clothing as though he were a king. His connection, it is said, is that of getting his men down and still have them up again.

Francisco people continue to be interested in the coming of the new paper to the streets of their city.

Our Mr. Frank left via Santa Fe last evening for the East. He will be absent about six weeks, during which time he will select our stock for next fall.

Our trade demands patterns better than the ordinary, and by being early in the market we will be enabled, as in the past, to serve you with the best.

In the meantime we invite you to come and inspect the hand-some spring suitings we are showing. We can suit the most fastidious.

WOULD KNOW ATTITUDE.

PARIS, April 15.—It is stated that Mr. Georges Clemenceau, Minister of War, has asked M. Delavand, Minister, and M. Dumaine, Chargé d'affaires at Munich to explain their attitude toward the Cabinet point regarding the Vatican, as it had been revealed in the papers of Mr. Montaigne, seized at the nunciature in Paris.

THE OIL INDUSTRY.
SIX NEW WELLS AT NEWPORT.

MANY LOCAL MEN INSPECT THE BEACH DISTRICT.

**Boris Ann Banker Buys Part of Land Leased by Company—Twenty-five Will Develop at Midway—Redondo Wants Oil—Japanese Steam-
ers to Burn Our Fuel.**

The Newport Bay Oil Company has a contract for drilling six wells on its land near Newport Beach which will be started as soon as the rigs can be secured. It is expected that the well will begin dropping on well No. 1. Well No. 1 is about 2000 feet, work progressing. Those filled in earlier to hold it down, the oil has come from time to time in the casing and gave positive evidence that a good well will be found. The indications are, however, that it will be a very deep well.

Daniel Halliday, the banker of Santa Barbara, has purchased a tract of land which has been leased to the Newport Bay Company. It is not his intention to attempt any work beyond buying the royalty to be paid under the lease.

Every day local men are visiting the district and examining the wells and the outlook is that several more wells will be drilled and operations getting busy in the next few weeks. Among the recent visitors was W. W. Circuit, the geologist of the Union Oil Company, who said that the big corporation is after land.

OIL REGION OF BIG PROMISE.

SANTA BARBARA WELLS GREAT PRODUCERS.

LIGHTNESS OF OIL AND ENORMOUS YIELD IMPORTANT FEATURES—NEW WELLS TO BE DEVELOPED ADD TO THE PRESTIGE OF THE TERRITORY ALREADY PRESENT.

Within the last three years the Santa Barbara oil region has given promise of becoming one of the most productive of fields in the West, if not one of the most productive in the United States. The surveyors say the United States Geological Survey that the developed fields in the Santa Ynez and Los Padres hills between the Santa Maria and Los Padres valleys. The wells obtain their oil from the Monterey shale which underlies this region. The lightness of the oil, which averages from 25 to 27 degs. Baumé, and the great productiveness of the wells, which yield an average of 300 to 400 barrels a day, and sometimes as high as 2000 barrels a day, are two features which have called special attention to the field. Large areas in the same general region are known to be analogous as far as surface evidence goes to the proven territory. The territory referred to by the survey as investigated by it, embraces the Guadalupe and Los Padres ranges which lie north and south line passing about five miles east of Santa Ynez and an east-west line passing 2½ miles north of Santa Maria.

There can be no doubt that the surveyors of the region have reported on one of great promise for oil. The structural conditions and other considerations as well favor not only much more extensive development of the territory already tried, but also the development of new fields. POLICE MORE PUZZLED.

Queer Developments in Case of Man With Wounded Hand—His Story Not Confirmed.

Developments make the case of E. Romig, who was arrested on the charge of carrying a concealed weapon Sunday night, even more puzzling to the police.

A small man, much agitated, left a street car at the end of the Los Angeles Harbor line Sunday night about 10 o'clock. Another man passed in front of him. As the small man left the car he drew a large revolver. The motorman told the police that he heard a shot.

After the police received a telephone message from a house near the city limits and Boyle avenue that a man had stopped there to have his hand dressed and had then boarded a street car, they followed him and he was arrested as he was about to leave the car at First and Main streets.

When taken to the Receiving Hospital it was found that small bullet had wounded the digits of the first two fingers of his right hand. On his person was a large revolver. Romig explained that a man had attempted to hold him up and accused him of emptying a gun in his revolver at the station that he had been shooting at a target Sunday evening.

The police are making an investigation. Detectives say that Romig has a good reputation. He lives with his mother at No. 200 George street.

ASSOCIATED MIDWAY.

COMBINE TAKES UP LAND. (BY DISNEY WIRE TO THE TIMES.)

BAKERSFIELD. April 15.—[Exclusive Dispatch.] The Associated has entered the Midway field and is renewing development on sections 24-32-14. The company is headed by O. Schubert, secretary and assistant general manager of the Combine.

This is the first venture which the Associated has made into the west side districts of Kern County, except McKittrick. What the intention is in regard to getting out is not apparent.

TWENTY-FIVE WILL DRILL.

The Twenty-five Oil Company has decided upon a policy of improving its lands at Midway, which are on the market according to former announcements of the directors. In order to attempt this work a change in the corporation's bylaws was necessary, as under its original charter it has merely power to hold the land and defend the suit of the Argentine Oil Company, which had sued us an adverse claim. This was done by the Board of the Federal Courts and the company finds it necessary to develop on account of the work being done on adjacent properties.

The following are the share holders of the Twenty-five Oil Company: T. E. Sullivan, 10,128; Thomas O'Brien, 5000; H. L. Gold, 325; C. A. Barlow, 1004; R. F. Dover, 1256; W. A. Williams, 1000; E. E. Edwards, 1000; Loris Barlow, 1000; Elizabeth Emrie, 1000; Elizabeth Emrie, administrator, 784; J. C. Sperry, 475; T. Sperry, 375; J. F. Dooley, 1254.

Redondo Wants Oil.

The Board of Trustees of Redondo Beach have advertised for bids for 1500 barrels of crude oil to be filed by April 22. The specifications call for over 12 grade asphalt, less than 70 per cent D grade asphalt and for delivery f.o.b. Redondo within forty-five days from date of acceptance.

MORE OIL-BURNING STEAMERS.

The Japan Mail Steamship Company (Toyo Kisen Kaiha) has determined to burn oil in its new monster turbine steamers now under construction in Japan. These vessels will be used to transport Pacific Liners to use California fuel, the use of which has also been decided upon by the Western Pacific Line, which, however, will not be in operation until summer. The new Japanese boats will be of the same size as the Korea and Manchuria of the Pacific Mail.

The news was confirmed by Assistant General Manager Avery, who passed through San Francisco returning to Japan from England.

Contract Divided.

The contract of the McKittrick producers with the Associated has been divided as follows: maximum and minimum figures being as follows: San Joaquin-Midway, 100,000 to 200,000 barrels; Berry Oil Company, 100,000 to 225,000 barrels; McKittrick Oil Company, 75,000 to 100,000 barrels; total, 425,000 to 575,000 barrels.

Job Printers and Publishers. Library machine, complete, any size or model. \$150. The Times, Tribune, and School at reduced prices. For rates Telephone The Times, or apply at the school, corner of Fernando and College streets, or the office of Auctioneers. Office 24-3 Stevens Bldg.

ROBBED HIS HOST?
Police Arrest Suspected Man, Another and a Girl, All Occupying Same Room.

When detectives went to the room of J. D. Stewart to arrest him on a larceny charge, yesterday, they also found Martha Clayton, a 16-year-old girl, and Elliott Short. Stewart is accused of the robbery of R. W. Hartung, at No. 230½ South Hill street, Saturday night. The girl and Short are held on suspicion, but the police declare that they have no connection with the crime for which Stewart is held.

Hartung and Stewart met at a downtown cafe Saturday night, and Hartung stayed alone with him. When Hartung awoke Sunday morning he learned that his room had been burglarized of about \$50 worth of clothing. Stewart was gone. The victim reported the matter and detectives were detaining the two.

Stewart lives in a lodging-house near Fifth and Main streets. He is about 30 years old and was at one time a messenger boy. The girl, the police say, lives at No. 70 Ruth ave-

ne. One of the peculiar features of the case is that a note was received by a local newspaper man telling of the robbery not two hours after Hartung took Stewart home with him. The police are at a loss to explain the note.

"DON'T LOOK SO SOUR."

This Remark of His Wife and an Alleged Insult Causes Husband to Break Man's Leg.

Because H. Vanburklo of No. 806 East Fifth street thought Charles Jennings of No. 362 Buena Vista street insulted his wife, he assaulted Jennings at First and Vigen streets last night and broke his leg.

Jennings, a 25-year-old man, was standing at the rear end of a Boyle Heights car, which was crowded. His wife came to him and told him that Jennings had spoken to her and then said: "Don't look so sour."

Vanburklo declares that he approached Jennings and told him he deserved an explanation. Both left the car at Vigen street and quarreled. Finally Vanburklo kicked Jennings on the left leg, breaking it just above the ankle, it is alleged.

Jennings, a 25-year-old man, was standing at the rear end of a Boyle Heights car, which was crowded. His wife came to him and told him that Jennings had spoken to her and then said: "Don't look so sour."

Vanburklo declares that he approached Jennings and told him he deserved an explanation. Both left the car at Vigen street and quarreled. Finally Vanburklo kicked Jennings on the left leg, breaking it just above the ankle, it is alleged.

EVENTS IN LOCAL SOCIETY.

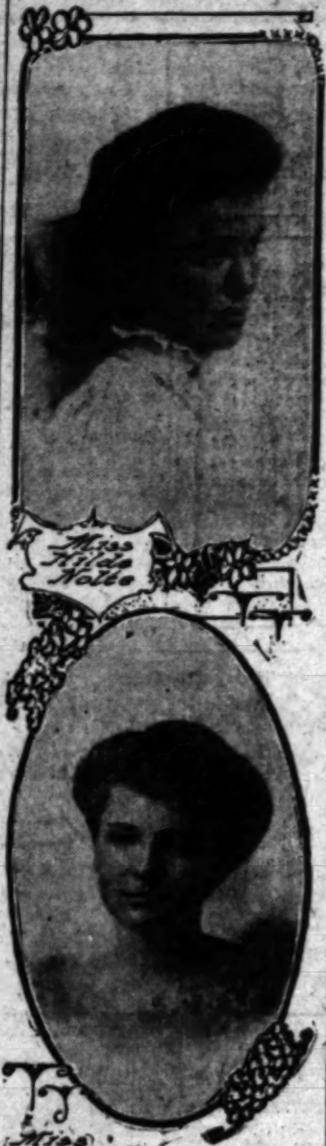

MID a wealth of California blossoms, Miss Grace E. Guntrip and Mr. and Mrs. Bert E. Dequene were married at the home of the bride's parents, Mr. and Mrs. John Gurnett, of Avenue first and Oregon street, Santa Monica. Rev. Bowman was the officiating clergyman. The bride, who was unattended, was attired in a beautiful gown of white crepe de chine over taffeta, trimmed with silk mull embroidery. She wore orange blossoms in her hair and carried a shower of bride roses. During the service, the couple stood beneath an effect of white Mimosa, Coconuts, roses and asparagus plumes. Over their heads was suspended a large wedding bell of white

Mrs. Alexander Entertains.

Mr. and Mrs. Charles A. Alexander of No. 1225 South Hill Street entertained in their handsome home with an informal card party in honor of a card club to which they belong. The home was charmingly decorated, and in the drawing-room, hall and library, bouquets in cut-glass bowls and bunches combined attractively with the

women, are invited. The Young Men's Christian Association of Pasadena is to furnish the entertainment in the form of illustrated talk, aviation, fancy club swinging, pyramid building, fencing, and the champion bag puncher of the Pacific Coast is to show what he can do.

Miss Peacock. Miss Olive Peacock and Edward E. McDowell, whose marriage is to be solemnized on next Thursday evening at the home of the bride, No. 320 Manhattan Place, have been delightfully entertained recently. They were guests of honor last evening at a theater party given at the Belasco by John Blackstone, Mrs. John Blackstone, Mr. and Mrs. Roland Paul and Mr. and Mrs. Sheldon. Saturday afternoon, Mrs. Sheldon gave a luncheon to the Jonathan Club for the members. The club was entertained by a dinner party at the Auditorium. This afternoon, Mrs. Roland Paul will entertain at luncheon for Miss Peacock.

Miss Burnham is Bride. St. John's Church was the scene of a pretty wedding last evening, when the bride of the bride, No. 320 Manhattan Place, had been delightfully entertained recently. They were guests of honor last evening at a theater party given at the Belasco by John Blackstone, Mrs. John Blackstone, Mr. and Mrs. Roland Paul and Mr. and Mrs. Sheldon. Saturday afternoon, Mrs. Sheldon gave a luncheon to the Jonathan Club for the members. The club was entertained by a dinner party at the Auditorium. This afternoon, Mrs. Roland Paul will entertain at luncheon for Miss Peacock.

Miss Childs Entertains. Mr. and Mrs. Goro W. Childs, who are at Hotel Van Nuys, entertained a party of friends in a box to see Lillian Russell last evening at the Hotel, and later at supper at Hotel Alexander. Their guests were Mr. and Mrs. Robert Rowan and Mr. and Mrs. Kelam. Mrs. Childs will entertain a few of her friends today with an informal luncheon and an afternoon of dancing. She has given so much of her time to the city that it is with regret that her friends know she is to soon leave again. This time she expects to leave about May 1 for New York, where she will go to the Miss America competition, and will sail for Europe for a summer abroad. After her return, after May 15, at No. 5625 Brighton Avenue, Los Angeles.

Mrs. Crofton's Guest. Mrs. Elmer Crofton of No. 3628 Ellendale Place is entertaining as her house guests, Mrs. James W. Edwards, of San Francisco. Sunday a few of Mrs. Crofton's friends called in informally in the afternoon to meet the visiting matron.

McComas' Guests. Mr. and Mrs. C. C. McComas have been entertaining as their guests at Hotel Bankership, Commander C. H. T. Moore, U.S.N., and wife. Commander Moore is a brother of Mrs. McComas and is the Governor of the American Samoa Islands. Mr. and Mrs. T. A. Allard entertained them with an automobile drive around the city. Another delightful trip enjoyed was to the country home of Mr. McComas, at San Dimas, where a drive through the foothills gave them a splendid opportunity to see the growth of the many country at its best. Gov. and Mrs. Moore have a villa in San Francisco, whence they will sail for their island home. The Governor's term expired in one year and in all probability he will return to this city and invest in the orange groves of San Dimas.

Mrs. Wachtel's Bride.

Mr. Elmer Wachtel has returned from a trip to Chicago, where she went to attend her husband's winter clothes, and also the exhibits of her husband and of William Wendt. The exhibits were most successful and Mrs. Wachtel returns after enjoying the hospitality of an art colony of Chicago, where she will live for a time.

Mrs. Carter's Bride.

An interesting wedding which took place at noon at the residence of the bride's parents, Mr. and Mrs. Gilbert Carter, was that of Miss Gilbert Carter and Mr. Bert E. Dequene. The home at No. 2019 Magnolia avenue was trimmed with greenery and flowers and the nuptial ceremony performed by Rev. George Cleveland. The bride was beautifully attired in traveling suit, blue, with hat to match. The bride is popular in this city and the groom is a prominent business man of Mill Creek, Ind., where they will go to make their home after a trip through the East.

Miss Siegel Entertained.

Miss Lucille Siegel was given a surprise recently by a number of her friends. The evening was spent in provided and all friends, both men and

IN OAKLAND---a few choice investments for those who know.

We offer for sale property immediately surrounding Oakland's new \$2,000,000 hotel, occupying a whole block and now well underway.

This is the best business property we have ever offered.

Los Angeles investors well knew how property close to the Lankershim, Angelus and Alexandria increased in value when these hotels were built.

This is Oakland's first big hotel and our investors are not quite "wise" to the great opportunity they have.

So here is a chance for those who have watched the hotel development of Los Angeles to make some money in a similar and even better proposition in Oakland.

Oakland has a population of 200,000—the Banker's Hotel is three blocks from the center and heart of the City, (14th and Broadway,) and some of the property can be bought for \$1250 a foot.

Just compare this with prices between your best corner and your largest hotel and see if you don't think there is big money in this for you.

By the way, we make a specialty of business properties.

We can manage a loan of 85 per cent. of the selling price on several large pieces near this \$2,000,000 Hotel.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

ELEVATOR WELL SPOT OF DEATH.

FATAL ACCIDENT OCCURS IN A PARADENA HOTEL.

Woman Guest, Turning Her Head to Listen to One Speaking to Her, Unconsciously Steps Through Doorway Into Shaft—Strikes on Her Head After Short Fall.

Officer of The Times, Mr. W. A. Raymond, and Mrs. Raymond, a guest at the El Cajon Inn on Sunday, met death yesterday afternoon by falling down an elevator shaft. The accident occurred just after the luncheon hour as Mrs. Shippy was returning to her room on the floor above, and within less than an hour afterward the victim died.

The accident was a singular one and the blame appears to rest on the style of fastening on the door to the elevator shaft. Mrs. Shippy had just left some friends in the drawing-room and had started for the elevator. Some one was speaking to her and she turned her head to listen. She reached the door of the elevator she almost mindlessly fumbled the latch and stepped off into space.

The distance from the first floor to the foot of the elevator shaft is about nine feet and the unfortunate woman fell, landing upon her head. The accident was witnessed by a number of guests, who quickly rushed to her assistance and carried her to her apartment above.

It was learned that the woman, who was unconscious, was in a precarious condition so Drs. Hoag and Newcomb were at once telephoned for. They responded at once and ordered that Mrs. Shippy be removed to the hospital. An ambulance was summoned and she was taken there.

At the hospital it was found that the woman had suffered a fracture of the skull, from two fractures of the skull, the more serious one being at the base of the brain. It was the latter injury which caused her death less than an hour later. The efforts of the physicians to afford her relief were futile and she died without regaining consciousness.

The husband of the unfortunate woman, M. Shippy, is one of the owners of the Great Northern Implement Manufacturing Company of Minneapolis, Minn., and he was informed by telegram of the accident. He arrived last evening that he would start at once for Pasadena.

HOTEL COMPLETION.

Plans have already been made for completing the work on Hotel Wentworth, which will begin next four weeks construction will begin. Two towers will be added to the wings, while in the center tower will be erected and the roof garden completed. The hotel has been greatly improved and everything gotten into shape for the opening next winter.

The Pacific Electric Company has announced that an arched station, built in the Moorish style, will be erected at the hotel. Plans for the building have already been drawn and within the next few weeks a formal ground will be broken to work. On Wednesday morning, immediately after breakfast, the hotel will open for business.

Hotel Raymond closed yesterday afternoon.

Hotel Green will not close until Monday next, the only large hotel which will remain open during the summer season is the Maryland.

HOLD-UP AT ONEONTA.

P. Gonzales, a Mexican laborer, was held up at Oneonta late Sunday night and relieved of \$165, all the money which he had in his possession. The man who was held up was very poor indeed, in his desire for money, P. Gonzales made his choice between handing it over in a hurry or taking the consequences. The victim concluded that division was the better part of valor and "shelled out."

SEEKING QUARTERS.

The monthly meeting of the board of directors of the Y.M.C.A. will be held this afternoon at 5 o'clock. The most important meeting which will come up for consideration is in regard to temporary quarters for the association. This is a matter that will have to be settled at once, and for that reason the meeting was called for an hour when it was believed that about all of the members will find possible to be present.

In June 1st the associates will be forced to turn over its building to the purchasers and, as it will be some time before the new structure can be ready, they will have to find temporary quarters for the time being.

This will not be an easy matter, as the demands of the organization, in regard to space, will be difficult to meet. It is proposed to seek accommodations where the work of the association will be interfered with as little as possible.

The members of the Y.M.C.A. are looking forward with impatience to the time when their new building will be in readiness for them. For the past year the lack of space has been keenly felt.

GREENS GO EAST.

Col. and Mrs. George G. Green and party left last evening in their private car for Chicago on the Santa Fe overland in order to be present at the marriage of their son, G. G. Green, and Miss Agnes Kallister, which will occur Saturday evening at the bride's home in Chicago. The party included besides Mr. and Mrs. Green, Mrs. Edward S. Grant, Dr. and Mrs. W. E. Grattan, who came out with Col. Green's party in the fall, will spend the summer in California.

Those who are members of the party will remain until such time as reservations can be secured, but no guests will be received after next week. There will be a large and an encroaching party this evening at the Moorish room in the hotel; the last large social function of the year.

SOCIAL NOTES.

Mrs. Daniel Scull of No. 332 South Catalina avenue entertained yesterday afternoon, in honor of her daughter, Mrs. Walter A. Bailey of Philadelphia, Mrs. C. L. Morrison, who arrived by Mrs. Bailey and Miss Scull. Miss West and Miss Morrison presided gracefully in the dining-room.

The pupils of Miss Martine Dietrichson are to give a recital at the English Classical School on South Euclid avenue. Among those who will contribute to the programme will be Mrs. Harriet Howe, Miss Elizabeth Lester, Miss Frances Boynton, Miss Hazel Peterson and Benjamin Marks.

Mrs. A. N. Short of No. 184 South Pasadena avenue gave a pretty appointed dinner Sunday, in honor of

Mr. Fenninger, Mrs. Stoddard and Master Frederick Stoddard of New York City.

Mrs. Delta Wood Gordon of No. 245 North Raymond avenue was a guest of Mr. and Mrs. Hugo Lea of Waupaca, Mich.

Mrs. E. D. Neff of Alameda will entertain this evening with a bridge party, to be given at the Shakespeare Clubhouse on South Los Robles avenue.

Mr. and Mrs. John Luke of New York City have just returned from a trip to Honolulu, are the guests for a few days of Mr. and Mrs. Hopkins of South Orange Grove avenue.

The members of the Delta Sigma Nu fraternity will give a dance Friday evening at the Shriners Clubhouse.

The Thimble Society of the Woman's Relief Corps will not meet this week, as the president, Mrs. Hamblott, is in Santa Barbara.

FOR YOU FROM FATHER KNIEPP.—You have heard of Father Kneipp and the thousands of cures effected by him through his Kneipp Cure. It was Father Kneipp who invented Kneipp Malt Coffee, which is the health-destroying and injurious bean coffee. It was a wonderful idea to prepare a healthful tonic beverage with practically all the fragrance and flavor of the best coffee without its harmfulness.

The sample package you received actually comes as it were the direct result of your enthusiastic endorsement. Use it according to directions and you will understand why we have received more than 20,000 testimonial letters.

I suffered so much from indigestion my stomach was very weak and I was unable to retain any food. Your Kneipp Malt Coffee has been a great help to me and I immediately began its use. Had nothing else to eat or drink for days. The soothing nourishing and healthy effects of your Kneipp Malt Coffee are most real.

In a short time I was again able to partake of regular food and I am now well and strong. My recovery is entire and I cannot say enough to praise it. Your Kneipp Malt Coffee is the only cereal coffee that I would recommend.

Purpose in Bringing It Is to Get
Judgment on an Agreement Signed
the Irvine Company and Prop-
Ponents Along the Stream.
Mining in Silverado Canyon.

ANA, April 15.—A complaint
defendants, the determin-
tive is expected to settle
its source to its junction
Irvine Company, owners
property known as
Silverado Canyon, comprising over
in the Santiago water-
shed with water by the
Irvine Company.
purpose of bringing the suit is
to get judgment on an agreement
between the Irvine company, and al-
the property owners. Several
ago the miners were un-
der the creek, but the
Huntington
interest, but the
mines to obtain a trans-
action held by the
two contesting parties to the water not
taken from the watershed. An agree-
ment has been drawn allowing the Ir-
vine company to take storm water
from the stream during seven
months of the year, but none during
the summer. In return the ranch com-
pany gives the two water companies
use for reservoir and water de-
velopment purposes.

The agreement will be set up in the
court, and a number of whom will be represented by At-
torneys E. Y. Williams and Victor Mont-
gomery. Guy C. East of San Fran-
cisco and George & Foy represent
the plaintiff.

SILVERADO CANYON, GOLD.

The Western Zinc Company has com-
menced a tunnel in the hill in the Sil-
verado Canyon some 300 feet below the
level of its first tunnel in which gold
ore in paying quantities has been taken.

It is noted that the miners have
not yet determined the rights of the
two contesting parties to the water not
taken from the watershed. An agree-
ment has been drawn allowing the Ir-
vine company to take storm water
from the stream during seven
months of the year, but none during
the summer. In return the ranch com-
pany gives the two water companies
use for reservoir and water de-
development purposes.

WATER ON WEEDS.

The Civic Improvement Association
has organized its forces for the war
on weeds Wednesday. Each ward has
had committees at work, and sub-
committees have been appointed to
it so that the blocks assigned to
them are known. It is estimated that the
committees would have a clear view of
the frontages, many property owners have
been busy the last week. Tonight the
City Council will declare Wednesday

a holiday.

COLTON.

COLTON, April 15.—L. H. Alford and

J. G. Grusenmeyer, who are chairmen

of the Orange County W.C.T.U. will be

held tomorrow at Garden Grove.

The annual meeting will continue over two days.

A marriage bureau will be opened up

to John Browning, aged 21, of Santa

Barbara, and Marie Miller, aged 22, of

Long Beach.

SAN DIEGO SCHOOL CENSUS.

Work Begun Yesterday, but No Money

Forthcoming in City Census—Alleged Smuggler Caught.

SAN DIEGO, April 15.—The taking

of the school census was commenced

this morning by W. J. Vincent and

nine deputies. The return of the

census last year showed a total of \$66,

or a gain of \$18 over the figures of the

census the year before.

An ordinance is pending before the

City Council providing for the taking

of the census at an expense of \$700,

the plan being to have the work done

at the time of securing the figures for

the school census. City Attorney An-

drews gave an opinion, however,

that under the circumstances no money can

be appropriated for this purpose until

under this ruling City Auditor Ed-

munds will decline to certify to the

data.

DEATH OF OLD RESIDENT.

Col. William Denton died yesterday

at the home of his daughter, Mrs.

Mary Showley. Col. Denton had been

resident of this city since 1872, com-

ing here from Lower California, where

he had been engaged in the copper and

iron mining business.

A widow and six children

survive him, the children being Mrs.

Mary Showley of this city; Mrs. Sara

and Oscar Denton of this city, and Alex-

ander Morgan Denton of San Fran-

cisco.

ARRESTED FOR SMUGGLING.

Frank Mario has been placed under

arrest by the customhouse officers on

the charge of smuggling horses from

Lower California into the United

States, crossing the line near Tijuana.

The duty horses imported

into this country is \$2 per head.

It is believed, he has been running

large numbers of them over the hills

and selling them at low prices, reaping

a handsome benefit.

NEW FLORAL SOCIETY.

Under the auspices of the Chamber

of Commerce a floral society has been

organized, with Fred A. Robinson of

Point Loma as president, C. M. Gil-

ford, vice-president; Mrs. J. Powers

Smith, secretary, and Mrs. H. P. New-

man, corresponding secretary.

The society, to hold a series of flower

shows each month, and, if possible,

make an amendment to the long-temmed

slogan of the city, "Bay and clima-

te," so it will read, "Bay, climate

flowers."

REDLANDS ANTICIPATES.

is Planning for State Convention of the
W.C.T.U.—May Loss an

Eye.

REDLANDS, April 15.—The twenty-
fifth annual State convention of the
Women's Christian Temperance Union
will be held in the First Methodist
Episcopal Church of this city May 1, 2
and 3. It is expected that there will
be between 200 and 300 delegates present.
On the evening of May 1, the local
union will tender a reception to the
State President, Miss Gabriella T.
McKeeve, the other State officers and
members of the Executive Committee.
Morning and afternoon sessions will
also be held during the convention, and
a number of prominent temperance
writers will appear. Among these will
be Mrs. Emma T. Drake of Den-
ver.

MAY LOSE AN EYE.

C. W. Knappe was the victim of an
accident Saturday, which may result in
the loss of the sight of one eye, with
possibility of trouble with the other
eye later. Mr. Knappe left early Saturday morning for Cal-
ifornia, where he has mining interests.
While prowling about in that section at
night, he struck a sharp dark object
with one eye, causing the broken
crystal lacerated the eyeball and the broken
ball was driven into the eye.

He lost his station, and managed to
catch an evening train from the
Summit, and at San Bernardino caught
an electric car for Redlands, arriving
home about midnight. A physician
examined the wound, and Mr. Knappe is
now under the care of an eye specialist.

REVELS IN BLOSSOM.

Seldom if ever before has Redlands
been visited in such a wealth of lovely
blooms as that which now meets the
eye on every hand. The little foothill
city has long been noted for its varied
and luxuriant blossoms, but seldom has there been such an out-
burst of perfect posies as that on dis-
play now in private yards, as well as
in parks and public places. The nights are
visited every day with hundreds of tourists,
many of whom have come from
as far as 100 miles, by train, electric car and
auto, to gaze upon the beauty of the
hedges of pure white Cherry blossoms
and those of the opulent Gold of
Ophir, which grow in widest profusion
along Serpentine drive. The orange
trees are in full bloom, the California
poppy is out, and many other flowers are budding
and blossoming to the end that the landscape
is not only one mass of beauty and
color, but the air is sweet of

the fragrance of blossoms.

GILBERT REMEMBRED.

Rufus W. Gilbert, for several months
physical director of the Y.M.C.A., left
this afternoon for Long Beach en route
to Leavenworth, Kan., where he has
been staying for the past year.

He has been appointed to

the position of pitcher on the
Central League baseball team. On
Friday he will present himself with a fine

traveling bag from the members of the

board of directors of the association.

Dr. J. A. Shreck made the presentation

to Mr. Gilbert.

What is "E." and what is the job

he has up on Charles Smith?

Last night shortly before 11 o'clock

Charles Smith was startled by the

feebly report of a revolver, and saw

Charles Smith tumble from a seat to

the floor, dead.

Smith entered the Nutick House a

few minutes prior to firing the shot,
smoking a cigar, walked aimlessly about
the office, and then went outside and sat down on one of the benches
bunched along the east side of the

office.

He acted as though he might have

been slightly under the influence of liquor

but attracted no attention as

he sat on the bench, until he fired the

shot. The report was so slight that

some thought it was a bullet, but the

shot had actually killed him. The
revolver is a new one of 22-caliber, and

the ball entered the right temple and
lodged in the brain. The body was

taken to the Police Station and from

there removed to the Owl Drug Co.

Charles Smith was born in 1867.

He was a carpenter by trade.

He was married to Mrs. Mary

Smith, and they have three children.

He was a member of the

Methodist Church.

He was a member of the

Knights of Pythias.
